### **Tri-Campus Resources for Graduate Students**

<https://grad.uw.edu/for-students-and-post-docs/core-programs/grad-resources/>

Check out this web page, whenever you need a quick link to learn more about on campus resources for graduate students' available at all three campuses!

### **Mentor Memos**

<https://grad.uw.edu/for-students-and-post-docs/core-programs/mentoring/mentor-memos/>

What's the best way to pick a lab? How can you manage a large writing project? How do you work the crowd at a cocktail party with confidence and ease? These topics — and many others — are not necessarily covered in a graduate student's coursework. But knowing how to manage time, the best way to negotiate a salary and how to turn a dissertation into a book can be invaluable to a successful education and career.

The UW Graduate School offers a series of Mentor Memos — penned by UW faculty and staff — that cover these topics, and much more. The memos often complement a slate of professional development workshops offered by the Graduate School's Core Programs office throughout the year.

### **Strategies for Graduate Student Success**
