Sample Panel Questions:

To ensure that there is enough time for all panelists to speak, some questions may not be asked.

1. How was making a 1st Gen story different from writing the autobiographical papers you may have already written for courses?
2. Can you tell us about an experience you had showing your story to others?
3. What would you tell someone thinking about doing a workshop like this about what they might learn?
4. Is there anything else that you want people to understand about creating your story?
