Are you a graduate student who wants to perfect your presentation skills for a general audience?

Then you should submit a proposal to give a 5-minute low-stakes and fun lightning talk about your capstone, research, or pedagogy! Scholars' Studio is an opportunity to practice communicating your work in front of a supportive, general audience — without using a lot of technical or academic jargon. The Autumn 2026 event will take place on **Thursday, Nov. 19, 2026, 3 - 4 p.m., Seattle campus**. Send questions to mundtm@uw.edu.
